Chapter 83: The Best Deputy

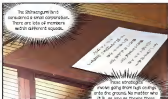

EH - I wish the first said that to the king from the first day. I'm waiting for her to meet his reincarnation here.

The Shinsengumi isn't  
considered a small corporation.  
There are lots of members  
within different squads.

These strategical  
moves going from fight to fight,  
onto the ground. No matter who  
it is, as long as they're there,  
the devil doesn't believe he will  
not let anyone go.

He's been so long,  
why is he still not here?  
He's taking a really  
long time.

Even he's not here,  
I'll wait...

**BAM!!!**

Dad, my nose ...
